CITY OF GHENT
Dawn Vlaminck, Administrator/Clerk
PO BOX 97 Ghent, MN 56239
507-428-3214

Please help keep your city sewer system running efficiently and sewer costs down…

- Please discharge your sump pumps in your lawn, not down a basement drain or in the sanitary sewer system.
- Please “do not” allow your grass clippings and leaves to blow or accumulate in the street or gutter. These plug our storm water drains causing drainage problems.
- Use only lawn fertilizer which is free of phosphate.
- The "middle number" of the fertilizer formula must be zero. Examples: 15-0-5 or 20-0-6.
- Use only dish detergent that is free of phosphate.
- Do not flush wipes or feminine hygiene products down the toilet.
